

5 May 2024
VI Sunday of Easter (New Calendar)
V Sunday after Easter (Traditional Calendar)

Sunday Mass: Anticipated Sat. 4PM/Sun. 8AM Ancient Rite Latin Mass
Sunday 9:30 AM (Live-streamed) & 11 AM
Confessions: Wed. 6:30-6:55 PM/Sat. 7:30-7:55 AM
Sat. 2:30-3:30 PM & 6:30-7:30 PM

THE HOLY SACRIFICE OF THE MASS

Mon. 6 May Bl. Edward Jones & Anthony Middleton, Martyrs
8 AM Ancient Rite Latin Mass
For: Special Intention

Tue. 7 May Bl. Giselle, Wife of St. Stephen of Hungary/Abbess
8 AM For: Maryjane Bovi+
Req: Her Family
Holy Rosary for the Unborn and the Newborn

Wed. 8 May Apparition of St. Michael the Archangel/Pope St. Boniface IV
4 PM For: Joseph E. Smith+
Req: Susanne Dunne

Thu. 9 May THE SOLEMNITY OF THE ASCENSION OF OUR LORD
8 AM For: The parishioners of OLGCC

12 Noon For: John & Janet Barbosa+
Req: Mr. & Mrs. David Rose, Sr.

7 PM For: John Bodoh (L.)
Req: Mr. & Mrs. Timothy Maciag

Sat. 11 May St. Damien Joseph de Veuster of Molokai
8 AM For: Special Intention

4 PM For: Linda Moculski+
Req: Her Husband

Sun. 12 May 7th Sunday of Easter (New Calendar)
Sunday after the Ascension
8 AM For: Mothers' Day Intentions

9:30 AM For: Mothers' Day Intentions

11 AM For: Mother's Day Intentions

(Parish Dinner, cont'd from page 2):

I have also contacted the office of Elizabeth Yore, the wonderful Catholic lawyer who has done such remarkable work in uncovering the sex trafficking of minors worldwide, (she did work for the UN on this). So far, I have not received a reply from her.

COFFEE & DONUTS SERVED AFTER MASSES THIS SUNDAY

We hope that some of you who never join us will come down and “fellowship” with us this Sunday. It is a great way to meet your fellow parishioners and to let them get to know you. See you there!

MAY CROWNING OF OUR LADY AFTER 11 AM MASS THIS SUNDAY

We “crown” the images of Our Lady in pale imitation of the glorious crowning given her by the most Holy Trinity in heaven. He crowned her with heavenly power and glory, as Queen of heaven and earth, and a share in His own royal sovereignty over creation. “Where Christ is King, Mary is Queen”.

SOLEMNITY OF THE ASCENSION OF OUR LORD: THU. 9 MAY

A Holy Day of Obligation. We will have our regular Holy Day Mass schedule. Please see the opposite page for times of Masses.

MONDAY, TUESDAY, WEDNESDAY OF THIS WEEK: ROGATION DAYS

Another casualty of the so-called “reforms” after the II Vatican Council were the Rogation (“Pleading” or “Beseeching”) Days. These were days on which the whole Church begged God to 1) avert His just anger from us for our sins; 2) grant the successful planting and harvesting of crops; and 3) protect us from floods, storms, droughts, earthquakes, fires and other calamities.

We so-called “moderns” have lost the consciousness of our dependence on God for these things. It is recommended to pray the Litany of the Saints on these days for these intentions. St. Mamertus, the Bishop of Vienne in the fifth century instituted these days after a series of disasters struck his diocese. By order of the Council of Orleans in 511, they were spread to the rest of France. In 816 AD, Pope Leo III established them for Rome and the rest of the Universal Church. They were abolished with the Missal of Paul VI in 1969.

ROSARY SOCIETY MEETING: THURSDAY 6:30 PM RECTORY

Women of the parish are invited to join us for a brief program on Our Lady during our regular monthly meeting.

MOTHER'S DAY MASSES AND CARDS

Next Sunday, 12 May, is Mother's Day. Each of the Masses next Sunday will be offered for those Mothers and Grandmothers whose names are submitted on the envelopes provided in the vestibule. We will ask the good Lord to pour out His most choice graces on these wonderful women. The offering that you make in those envelopes is put into our St. Vincent de Paul Fund, which is used to help parishioners and local people in need. God bless you for making a sacrifice to unite with the Sacrifice of the Altar!!!

PARISH DINNER TICKETS

Our annual parish dinner is fast approaching, and we will be selling tickets for it after Masses next weekend. The menu will consist of roast beef, baked chicken, mashed potatoes, and pasta primavera (pasta with spring vegetables), dessert and of course, drinks. The dinner tickets are \$22. The dinner is 6 June at Theodore's Banquet Facility in Canastota. It will begin at 6 PM with a cash bar. As of this writing, we do not have a speaker. I contacted Sen. Joseph Griffo to address us about the many very challenging pieces of legislation that are pending before the State legislature, including the damnable “Equality Amendment”, which would enshrine abortion, transgender rights and other abominations in our state constitution. The good Senator phoned me personally to say that the date of our dinner is the last day of the legislative session, and so he would not be able to join us. (Cont'd on page 1)

Pfizer Failed to Disclose to FDA and Health Canada that Cancer-linked Virus was Present in their Vaccines

The pharmaceutical giant Pfizer “chose not to” reveal to the FDA and other regulatory agencies that the cancer-linked Polyomavirus Simian Virus 40 (SV40) DNA sequence was in their widely distributed COVID-19 vaccine. According to information released on 23 April 2024 by the *Epoch Times*, Pfizer purposefully failed to advise drug regulators, including Health Canada, the US Food and Drugs Administration, and the European Medicine Agency, that SV40 was present in their experimental COVID shot.

An email was obtained by an access to information request by the Epoch Times, in which Dr. Dean Smith, a senior scientific evaluator in Health Canada's Vaccine Quality Division, stated “I understand that there have been internal discussions at the Center for Biologics Evaluation and Research regarding the presents (sic) of an SV40 enhancer/promoter sequence, noting that its presence is unrelated to the purpose of the Pfizer's plasmid as a transcription template for their mRNA COVID-19 vaccine. Pfizer had communicated to us recently that they apparently chose not to mention this information to EMA, FDA or HC at the time of their initial or subsequent submissions.”

Smith noted that Kevin McKernan, a microbiologist and former researcher and team leader for the MIT Human Genome Project, and Dr Phillip J. Buckhaults, who is a professor of cancer genomics as well as the Director of the Cancer Genetics Lab at the University of South Carolina, has raised in a public manner earlier this year how SV40 was present in the jabs. SV40 is used to enhance gene transcription when the shots are made. It has been linked to turbo cancers in those who have been exposed to the virus via contaminated injections.

Polio vaccines from the 1950's to early 1960's were all contaminated with SV40, after it was discovered that the virus was contained in the monkey kidney cells which vaccine makers used to create the shots.

The authors of the 2002 study claim that the SV40-contaminated polio vaccine may have caused up to half of the 55,000 cases of non-Hodgkin's lymphoma diagnosed each year.

The news of Pfizer's purposeful withholding of information comes as adverse effects from the first round of COVID shots have resulted in a growing number of ...financial compensation claims over alleged injuries from the jabs. In addition, a recent study done by researchers with Canada-based Correlation Research in the Public Interest, showed that 17 countries have found a “definite causal link” between peaks in all-cause mortality and the fast roll-outs of the COVID shots as well as boosters.”

(LifeSite News, 24 April 2024, Clare Marie Merkowski)
