Sat. 4 PM: Ronald Richmond, Raymond Richmond

Sun. 8 AM: Trey Murnane, J. Murnane

Sun. 9:30 AM: J. Kazlauskas, D. Kazlauskas

Sun. 11 AM: N. Blehar, D. Roberts

**ADULT RELIGIOUS EDUCATION: TUE. 21 JAN. 8 PM**

One of the aims of the sessions we have been presenting is to help the class realize that these issues are ones that they will have to deal with in today's world. This week's session will bring this home to the class in a special way. I have invited someone who has had to contend with the "diversity" questions in his career to speak to the group. Not to be missed.

**WED. 22 JAN. DAY OF PRAYER AND PENANCE FOR THE LEGAL PROTECTION OF THE UNBORN**

Please come to Holy Mass to beg Our Lord to awaken consciences, alert the indifferent and convert the proponents of abortion. We see how much hatred there is for the unborn in the current fury to damage our pro-life President. Offer a fast, offer extra prayers, and come to the Holy Mass to win graces for those who need them the most.

**MARCHERS FOR LIFE**

Please double check the list on the bulletin board for your name. We depart from the **parking lot of the Rectory at 11 PM, Thu. 23 Jan.** You will need money for your meals throughout the day. The all-you-can-eat buffet on the return trip will cost \$20/person, all-inclusive. Please be sure to dress warmly and with good shoes for walking. God willing, and weather permitting, we should return Sat. at about 1 AM.

**HOLY ROSARY FOR THE MARCH 12 NOON FRIDAY IN CHURCH**

Unite with the March for Life spiritually by reciting the Holy Rosary in church. Prayers are the most powerful and indispensable means for winning this epic struggle. The lives of the babies are paramount, but so are the souls of those who cannot see the evil of abortion.

**NATURAL FAMILY PLANNING COURSE**

Natural Family Planning is a method of fertility awareness that provides a couple with the knowledge of what signs/symptoms to look for so that they can determine whether or not the woman is fertile on any given day. This allows couples to be faithful to the plan of God in their marriage in seeking or postponing a pregnancy, using a natural, scientific method. Please remember, there must be proportionate reason to use NFP. An online course is being offered, beginning 19 January, by certified Couple-to-Couple League instructors, Tim and Sarah Fitzgerald. Register for the course at <http://register.ccli.org>. Self-paced courses are also available. For more information call Carol or David Armitage at 315 794 7538.

## ANOTHER ANNIVERSARY OF ROE VS. WADE

The evil that this decision of our nation's highest court has wrought is so enormous that it staggers the mind to try to comprehend it: over 60 million of our precious babies murdered in our country by surgical abortion alone...not to mention those killed by chemical abortion.

Most of us realize that this grizzly work of killing babies is due in large part to the heinous and nefarious business Planned Parenthood, which destroyed 345,672 babies last year (2018). And yet, once in a while we hear someone come up with the incredibly stupid, if not intentionally wicked statement. "And yet Planned Parenthood does a lot of good."!!! Oh really?

For every one baby that PP puts into adoption referral, it kills 81 children. When abortion makes up 95% of your "pregnancy-resolving" services, there is precious little room for any other "services".

Last year Planned Parenthood showed its true concern for women's health when it fired its President, Leana Wen, who wanted to place more emphasis on preventative healthcare services. Not going to have any of that, when your first priority is a "stridently political, abortion-first policy", according to Wen.

Planned Parenthood is the nation's largest abortion chain, capturing 40% of the nation's market, and in some states more than 60-70%, and that's where the money is: in killing little infants, so who needs pap smears and breast exams? From 2018-2019, Planned Parenthood reported nearly **\$ 1.64 billion in income**, with just over \$591 million coming from private donations. And yet, with all that money flowing into its coffers, the baby-murderers received **\$616.8 million of our tax dollars**. President Trump has pledged to cut federal funding of Planned Parenthood, but receives opposition not only from the baby-hating Democrats, but even from some members of his own party, who are all too willing to court the pro-life vote when they campaign, and then stab us in the back once we have put them in office.

As we all know, every Democrat running for the nomination of their party for president, has the blood of these innocent babies on their hands.

They all favor not only killing the babies in the womb, but even if the poor victims survive the butchery of abortion, killing the infant after the abortion. Thus they have blocked for the 70+ time a bill that would ensure that infants who survive their parents' and abortionists' murderous intentions would be given a chance to live.

Make no mistake: all this feverish effort to remove, damage and destroy President Trump is fueled by their worst nightmare: that he will succeed in placing another pro-life Justice on the Supreme Court. Please God, may it be so!

Please attend Holy Mass this Wed. 22 January and implore the Lord of Life to be victorious over His enemies. Our Lady of Guadalupe, Empress of the Americas and Protector of the Unborn, help us!
