ATTENTION SERVERS: God bless you for coming to see if you can assist on the altar. You give greater glory to Our Lord for doing so, and He will bless you more abundantly.

SOLEMNITY OF THE IMMACULATE CONCEPTION

Our Lady is the Patroness of our nation under this title. Even though we are still dispensed from Holy Mass, we should make every effort to come on this day and pray for our nation.

Confessions will be heard one-half hour prior to each Mass, ending 5 minutes before Mass begins.

NO RELIGIOUS EDUCATION TUE. EVE. FOR JR. OR SR. HIGH SCHOOL.

CONFESSIONS ARE HEARD ON WED. DURING ADVENT 5 PM-6:30 PM

As part of the Diocese's "The Light is on" program. Please consider making your Christmas Confession on one of these Wednesday evenings.

IMMACULATA AWARD PRESENTATION

On Sunday, 13 December, the Diocesan Immaculata Award will be presented. This Award is given to acknowledge the parishioners who have volunteered their service to the parish to an outstanding level. This year's recipient is Susanne Dunne, who has taught our young First Communicants for "at least 50 years", as she says. Now, that's outstanding service! God bless you, Susanne.

2021 CALENDARS

Please pick up on of the beautiful Catholic calendars that are in the vestibule. They are provided by the generosity of the Malecki Funeral Homes. Thank you to Mitch Frair for his providing them.

CHRISTMAS MASS SCHEDULE

Even Our blessed Lord's Nativity is being affected by the "scamdemic". Since the Vigil Mass of Christmas eve is the most well-attended Mass of all, we will have to have two Vigil Masses in order to maintain the 1/3 capacity limit. Bishop Lucia has given his permission for this. The 4 PM Vigil Mass will be for the A-M group (#1), and the 6 PM Vigil Mass will be for the N-Z group (#2). I ask that you not "switch" groups, please.

Since we are not allowed to have our Choirs sing, there will be no Midnight Mass this year, and on Christmas morning the 9:30 AM will be the Latin Mass, and 11 AM will be a Novus Ordo English Mass.

The Great Archbishop Vigano Speaks on the Pandemic

Please read the full article on LifeSiteNews, 3 Dec. 2020, entitled 'Sold Out to Satan': Archbishop Vigano unloads on coronavirus 'pseudo-health' regime. What follows below are only highlights.

“On Nov. 19, 2020, the founder of the World Economic Forum, Klaus Schwab, declared that “Covid is an opportunity for a global reset.”

In reality, Schwab was slavishly repeating what Jacques Attali said in the French weekly *L'Express* on May 3, 2009: 'History teaches us that humanity evolves significantly only when it is really afraid: then it initially develops defense mechanisms: sometimes intolerable (scapegoats and totalitarianism); sometimes useless (distractions); sometimes effective (therapies, which, if necessary, may depart from all previous moral principles). Then, once the crisis is over, fear transforms these mechanisms to make them compatible with individual freedom and inscribe them as policies of a healthy democracy.'...

In this project, the Covid virus plays a fundamental role, as an alibi that justifies-in the face of the 'totem' of a science that has prostituted itself to the interests of an elite after having abdicated its mission to save human lives-the deprivation of freedom, the interference of governments in the private lives of its citizens, the establishment of a pseudo-health regime in which, against all objective scientific evidence, the number of diners, the distance between people, the possibility of buying, selling, breathing and even praying, is decided from above.

Someone, in the deafening silence of the Catholic hierarchy, has imposed the closing of Churches or the limitations of religious celebrations, considering the House of God as a cinema or a museum, but at the same time declaring abortion clinics “essential services”.

These are the paradoxes of a misguided power, managed by a people corrupt in the soul and sold out to Satan, a power which, after obsessively repeating the mantras of 'democracy' and 'power belongs to the people' is now forced to impose a dictatorship on the people themselves, in the name of the achievement of objectives aimed at protecting the political and financial interests of the elite....

The *GREAT RESET*, desired by the globalist elite, represents the *final revolution* with which to create a shapeless and anonymous mass of slaves connected to the internet, confined to the house, threatened by an endless series of pandemics designed by those who already have the miraculous vaccine ready.
