## A Word from Archbishop Vigano

If there is a “Great Reset” that humanity really needs, this can only come in the return to God, in a true conversion of individuals and of society to Christ the King, which for too long we have allowed to be dethroned in the name of a perverse freedom that permits and legitimizes everything except the Good. That “Great Reset” was accomplished on Golgotha, in the moment in which Satan believed that he was putting the Son of God to death and preventing the Redemption, while in reality he was signing his own definitive defeat. What we are witnessing today is only a painful after-effect of the battle between Christ and Satan, between the offspring of the Woman clothed in light of whom the Book of Revelation speaks and the accursed offspring of the ancient Serpent.

Thus, as we approach the persecution of the End Times, we have the supernatural certainty that even this grotesque pandemic, a miserable pretext for the establishment of an antihuman and antichristic synarchy, is doomed to defeat, because Christ has already conquered the eternally Defeated One with a crushing and inexorable victory. Strengthened by the certainty of this epochal victory, whose triumph we will see perhaps very soon, we must fight under the banner of Christ the King and the protection of the Queen of Victories, whom the Lord has given power to crush the head of the Evil One.
